## CLIMBERS

\*Patented

All roses are shipped prepaid. Georgia customers add 3% sales tax.

We start digging in early November and begin making shipments immediately to customers whose orders are waiting. All orders are filled in rotation as received. If you wish to have us ship your roses on a certain date, please specify on your order sheet and we will do our best to have them in the mail on that day.

**Late Spring through  
Summer**

Container-grown roses are available at the nursery at prices slightly higher than those listed in catalog.

## NEW DUSTING COMPOUND

If you are a late afternoon and early evening gardener and find spraying harmful to your plants at that hour, we highly recommend you try our **New Golden State Rose Dust**. This is a new formula created by one of the leading Rose Research Foundations and is highly effective in the control of **both** Blackspot and Mildew. It also helps to keep Red Spider out of your garden. This is the formula of Sulphur and Copper used by most of the large growers in the control of the above pests in their growing fields. It may be applied either in early morning or late afternoon hours. Lb. 75c 5 lbs. \$2.45 10 lbs. \$3.95

All Shipments are Postpaid

## GOLDEN STATE PLANT FOOD

### NEW! EASIER! MORE EFFECTIVE!

Here is a new plant food that has been developed especially for your roses. One of the greatest forward steps in a feeding program to produce healthier, more vigorous, and more productive plants has been accomplished by the development of foliage nutrients. Foliage feeding enables your plants to absorb food much faster and more completely than any of the old systems. This, of course, produces better foliage, lovelier blooms, with longer and stronger stems. **Golden State Plant Food** makes feeding your roses so much easier, and it is very simple to use. Follow the simple directions which are given on the label, and your plants will be lovelier than ever before.
